

DOCKET NO. SC11641TS

REMARKS

In an Office Action mailed June 16, 2005, pending claims 1-52 were examined. Claims 1-52 were rejected and the rejection was made final. To address a matter of form prior to appeal, Applicants are herein amending claim 36, and respectfully request the entrance of this amendment to reduce issues for consideration upon appeal.

Claim 36 was amended by Preliminary Amendment in 2001. In 2004 further amendment to claim 36 was made, but the form of the 2004 amendment did not properly take into account the amendment made in 2001. As a result, a potential form issue now exists between claim 36 and claim 51. Accordingly, amendment to claim 36 is herein requested to remove from claim 36 the common subject matter that is shared with claim 51. No additional searching or new issues are introduced as a result of this amendment which relates solely to a matter of form. Therefore entrance of this amendment is respectfully requested prior to the further processing of this application.

Applicants request entrance of this amendment address solely to matters of form. Should issues remain that might be subject to resolution through a telephonic interview, the Examiner is requested to telephone the undersigned at (512) 996-6839.

Respectfully submitted,
